

Testimonials

Dear Larry,

Almost a year has lapsed since Julie and Ian's wedding, and I am very slow in this note to you. Nonetheless, I have wanted to express to you how very much we have appreciated and continue to appreciate the lovely photo album and the wonderful photographs from their wedding. You captured that very special day and precious memories so beautifully, and we will have this special reminder to treasure and reminsce with always.

As I looked at the photos that we and many others took at the wedding, I bacame ever more appreciative of your excellent skills, talent, attention to detail, care, and workmanship. So many of the "home" photos caught people with funny expressions, talking, eating, poor lighting, fuzziness, and a whole variety of problems that just were not part of your photography. How you were able to get excellent picture after picture, so natural looking, is certainly the sign your very skillful work as a photographer. We were thrilled with the photos and had a terrible time choosing - there were so many wonderful ones!

And you and Sophie were so much fun! I will never forget Sophie sewing up the rip in Brad's tuxedo pants. Between the two of you, I really felt your spirit with us, wanting the day to be wonderful, and enjoying the time with us, too. We appreciate not only your skills as a photographer moving around people and catching all the special moments, but your genuineness, your sincerity.

Thank you so much! Please feel free to use us as a reference should you wish. I hope we will be able to use your services for a wedding again.

Sincerely,
Ann Willard

Dear Larry,

John and I just wanted to let you know how very pleased we are with our wedding photographs. When we took the proof books home to our families, they just "raved" about how wonderful they were. All of us had a tough time choosing the pictures we wanted because there were so many geat shots. A problem which we didn't mind in the least!

Thank you for including so many close-ups of family and friends. We love the way that you approached the candid shots and black and whites that we requested. We feel that the pictures truly reflect the joy and happiness we experienced with our family and friends that day.

We interviewed six other photographers, and we were so glad to see that you had a different style than the majority of others we talked to. To be quite honest, I was beginning to get a little depressed about all the posed, "70's ish" type pictures that we were seeing. The quality, composition and more informal feeling of your photography style was just what we were looking for.

And what a team you make with Sophie! She was just great - working so well with family members and keeping us on schedule (and the bride and groom fed!). All of the guests commented on how much fun you made for us in the documentation of the "big day". Thanks again for helping to create such a memorable and happy event.

Sincerely,
Janice G. Dowling

Dear Larry,

Thank you! Thank you! Thank you! Chris and I are so happy with the many beautiful photographs you took at our wedding and reception. I had expected that our pictures would be beautiful and that working with you would be easy. You surpassed my expectations. You both are so easy and accommodating, so relaxed and relaxing! We appreciated your wonderful style and talent.

As an Event Coordinator, I know how vital it is to choose vendors who not only produce excellent work, but who are also enjoyable to be with during a very busy and important day. After years of recommending your services and working with you at other couples' weddings, I now know first hand that what you provide is so much more than simply a beautiful photo album. It was a pleasure to have you at our "event". Thanks again!

Sincerely,
Moira Gubbins Glynn and Christopher Glynn

Dear Larry,

We were ecstatic when we saw the proofs from our wedding. You certainly captured the spirit of the preparation, ceremony, and reception for us. We were also pleasantly surprised by how organized and efficient you were, both on the day of the wedding and in preparing our proofs and album afterward. You were certainly the most "worry-free" part of our wedding preparations.

Most couples probably don't realize that besides each other, the person they will spend the most time with on their wedding day is their photographer! You (and Sophie) really helped make the day fun and memorable. We felt lucky to have found such a talented, professional, and personable couple as the two of you.

If we can ever help convince a potential client how crazy they would be not to work with you, please call us.

Give our regards to Sophie; Sincerely,
Tara & Bob

Dear Larry,

We can't even begin to thank you and Sophie enough for the fabulous pictures. Your talent for "capturing the moment" and your eye for detail is clearly evident in all the pictures. Every single photo is beautiful and your wonderful work has made it very difficult for us to select the photos to include in our album.

We really liked your unobtrusive style and your ability (as well as Sophie's) to make everyone relaxed and happy. We are also very appreciative of the time you spent with us before the wedding. Your advice really helped us organize the day and get type of photos that we wanted and will treasure forever. We would enthusiastically recommend you to any couple who is interested in having special and extraordinary pictures of their wedding and would be happy to serve as a reference for you.

You and Sophie make a fantastic team! We really had a great time with both of you and never imagined that having our pictures taken could be so fun. Thanks again for the wonderful photos and good luck in the future.

Sincerely,
Jeff & Vivian Eng
